Kiln fire company eyes water system, hydrants

By ELLIS CUEVAS

The Kiln Water and Fire Protection District of Hancock County last month received tentative approval of a loan of \$350,000 from Farmers Home Administration for the development of a water and fire protection district. The FmHA project is estimated to cost \$650,000 and the district has applied to FmHA for a grant of \$300,000 to make the difference.

The district covers 10,000 plus acres and runs from Cuevas Junction in the North to Interstate 10 in the South, intersecting Jourdan River Oaks in the West and Rotten Bayou on the East. The area includes Kiln Community,

Silver Creek Acres, Jourdan River Shores, Jourdan River Oaks, and Cuevas Junction.

The Kiln Water and Fire Protection District of Hancock County was formerly the Kiln Volunteer Fire Company, Inc. It was incorporated June 7, 1971. The board of commissioners are: C. J. Mauffray, Glen Stockstill, James Breazeale, Cleveland Wyatt, Jr., and Robert G. Bilbo.

The commissioners first petitioned the Hancock County Board of Supervisors Oct. 20, 1975 for the creation of the Water and Fire Protection District. The Supervisors adopted a resolution to have a public hearing on Nov. 17, to hear objections to such formation.

At the hearing there were no objections and the Board of Supervisors adopted a resolution of their intent to create a district and by a unanimous vote on Dec. 22, 1975, agreed to the formation of the Kiln Water and Fire Protection District.

The legalities of the organization have been approved by bond attorneys, Watkins, Pyle, Ludlum, Winter, and Stennis of Jackson. Consulting engineers for the project are Garner Russell and Associates of Gulfport.

The original commissioners of the Kiln Volunteer Fire Company still

serve, with Cleveland Wyatt, Jr., as president.

Wyatt stated Wednesday, "I am

REA loan supports 2-year growth of Coast Electric

by EDGAR PEREZ

The federal Rural Electrification Administration this week approved a loan of almost \$1.8 million to Coast Electric Power Association of Bay St. Louis to partially finance the cooperative's current two-year expansion program.

Senator John C. Stennis said the REA's \$1,791,000 loan to Coast Electric will be made at a five percent interest rate. The senator announced the loan approval from his Washington office Wednesday.

The local electric cooperative will supplement the government loan with an additional \$767,571 from the National Rural Utilities Cooperative Finance Corporation (CFC) to be borrowed at an approximately nine percent interest rate, the senator's office reported.

Coast Electric's 1978-1979 building program is designed to provide service to new customers who will make up a projected population growth during the period in the cooperative's three-county operating area.

The almost \$2.6 loan package from REA and CFC will allow Coast Electric to provide service to an additional 2,400 customers as well as construct some 175 miles of new transmission lines, Senator Stennis said.

Other system improvements in the cooperative's operating area of Hancock, Harrison and Pearl River Counties, including new substations valued at \$250,000, will be realized through the loans, according to this week's announcement.

Coast Electric's loans from REA and CFC are based on a government rating of the cooperative's financial position which currently allows it to finance proposals 70 percent with REA money and 30 percent with a CFC loan.

The combination of five percent REA interest on 70 percent of the loan package and nine percent CFC interest on 30 percent of the total borrowed produces an across-the-board interest rate on the package of some seven

percent, a Coast Electric spokesman reported.

(REA LOAN - Page 6A)

Diamondhead's queens, kings rule triumphant

Cliff Finch's representative Mitchell E. Reeves, Jr., director, Mississippi Boat and Water Safety Commission, Jackson, was one of four judges Saturday, selecting the winning entries to the Diamondhead Parades of Land and Sea.

The three other judges were: Mr. and Mrs. Ray Veillon, new Diamondhead residents, and Ms. Pam Muffray of Gulfport.

Ruling over the combined event were King Akua Kai, III, Ed Snow, and his queen, Her Royal Highness Millie Rubin, their being responsible for the overall events on the sea, and King All'i Houma, Bob Pfugfelder, and his queen, Her Royal Highness Mary Hopper. The latter royalty handled affairs on land.

Overall Sea Parade winner was

Disention on river diversion likely at Corps hearing today

by EDGAR PEREZ

The U.S. Army Corps of Engineers today holds its second public hearing on a proposal to establish a flow of fresh water from the Mississippi River into the Mississippi Sound.

Today's hearing is scheduled for 10 a.m. in Room Two, Rivergate Convention Center, New Orleans.

The Corps study of the proposal has been prompted by a resolution introduced by Mississippi Congressman Trent Lott and adopted by the U.S.

House of Representatives Committee on Public Works and Transportation. The proposal won overwhelming support from representatives of the Mississippi seafood industry and state conservation and wildlife agencies last week at the Corps' first hearing in Gulfport.

Some 100 persons attended the Gulfport hearing, the first segment of some four and one-half years of research on the project necessary

(CORPS HEARING - Page 6A)

Pass revelers name carnival parade winners

The Pass Christian Carnival Association, sponsors of Sunday's Mardi Gras parade in that city, has announced winners in its various awards categories. They include:

—Organizational floats: Alumni 1st place award, St. Paul's Catholic School PTO; Hancock Bank 2nd place award, CB Rangers.

—Business floats: Captain Dan Taylor 1st place award, Hancock Bank; Herbert C. Hanson 2nd place award, Pass Christian Fire Department.

—Family floats: Frank Wittmann 1st place award, Jones-Matkin-Taylor families; Katie Hanson 2nd place award, Wood-Lang families.

—Out-of-town floats: William F. Kalif 1st place award, Krewe of Us, Bay St. Louis; Bielenburg Family 2nd place award, Krewe of Apollo, Bay St. Louis.

—Special achievement: Sister Mary Boromeo award, Stewart-Peralta families.

—Marching unit: Griffon award, Brandon Twirlers, Pearl, Miss.

—Float riders' costumes: Brown-Ballentine families.

—Adult masker: William F. Adams award, Bill Matkin as 'sad faced clown.'

—Teen masker: Belle Taylor award, Bill Lang as 'balloon salesman.'

—Child masker: Larry W. Reid award, Robbie Niolet as 'little clown.'

Navy chooses NSTL for conference site

The directors of the Navy's Research and Development laboratories will gather from all over the United States and participate in a two-day Navy conference, yesterday and today at NASA-NSTL.

The conference will be hosted by the Naval Ocean Research and Development Activity and focus on the various ways in which oceanographic research and development can provide the technology base to develop new fleet systems to cope with new Soviet naval threats.

Attending from the Office of Naval Operations and addressing the conference will be Vice Admiral Charles H. Griffiths, Deputy Chief of Naval Operations (Submarine Warfare), and Vice Admiral Edward C. Waller, III, who serves as Director, Anti-Submarine Warfare and

Ocean Surveillance Programs. Dr. James H. Probus, the Director of Navy Laboratories, and Rear Admiral Robert K. Geiger, the Chief of Naval Research, will also address the conferees.

The closed-door meeting is one of a series conducted semi-annually by the various Navy laboratories and to achieve the closest possible coordination. This is the first time that NORDA, the Navy's newest research and development facility, has hosted the meeting.

NORDA is the only activity in the Navy concerning itself exclusively with oceanographic research and development, yet combining in one activity program managers who support ocean research and development conducted by other organizations, and a Naval Oceanographic Laboratory for sea studies and experiments.

PATRICIA ELLEN PAYNE, 1976 graduate of Bay Senior High School, daughter of Mrs. E.C. Moreau of Bay St. Louis and Dr. D.A. Payne of Columbus, and freshman commercial art major at Mississippi University for Women, has been selected to represent the U.S. in the Miss World beauty pageant contest to be held in London, England.

Military Mention

JAMES E. REES, USCG Coast Guard Aviation Electrician's Mate Second Class James E. Rees, son of Mr. and Mrs. Joseph A. Rees of 222 Alverado Drive, and whose wife, Margaret, is the daughter of Mr. and Mrs. Chester W. Finley of Route 1, Box 121, Long Beach, has been promoted to his present rank while serving at the Coast Guard Air Station.

KENNETH L. PEIRNAS, Second Lieutenant Kenneth L. Piernas, son of Mr. and Mrs. Lucien Piernas, 321 Davis Ave., Pass Christian, recently completed the Infantry officer basic course at the U.S. Army Infantry Center at Fort Benning, Ga.

MRS. BLANCHE COLLINS
QUEEN AMBROSIA

House plants are topics of leadership training

A leader training on selection and care of house plants was presented by Dr. Walter Davis prior to the Jan. 2 Extension Homemakers Council meeting in the extension auditorium.

A meeting of the Council's educational chairmen to outline programs for the year also preceded the meeting. Chairmen are Mesdames Doretta Hamilton, Peggy Alkire, Becky Henley, Mildred Raymond, Helen Fahman, Gladys Discon, Pauline Reid, and Gloria Holmes.

Mrs. Ethel Breaux, president, welcomed the Diamondhead Extension

Homemakers Club and introduced their president, Mrs. Dorothy Sherman, and Mesdames Audrey Dean, Daisy Martin, and Flo Moore, members.

Members were reminded of the workshop on "Trash to Treasure" scheduled for 9:30 a.m., Feb. 14, in extension auditorium.

Busy Fingers Extension Homemakers Club hosted the social hour. The business session closed with the thought for the day, "It is harder to conceal ignorance than to acquire knowledge." The next meeting will be at 12:30 p.m., March 2.

Bell tells '77 ad valorem tax

South Central Bell Telephone Company reported payment of \$198,610 in ad valorem taxes to Hancock County and the cities of Bay St. Louis and Waveland in 1977.

F. M. Kyle Jr., Gulf Coast district manager, said the company paid more than \$2.5 million in ad valorem taxes to the county and city governments in Hancock, Harrison and Jackson Counties last year.

The company's tri-county ad valorem tax bill total of \$2,581,106 in 1977 was an increase of \$182,000 over the previous year, Kyle said.

The manager reported the company paid more than \$15,120,000 to Mississippi municipalities and counties for 1977 ad valorem taxes.

He said the figure does not include state sales taxes, state and federal income tax, federal social security and excise taxes, and other

miscellaneous taxes.

One-fourth of every dollar collected by the company in Mississippi goes for taxes, Kyle stated.

Our demand for electricity is increasing at the rate of six percent per person per year. However, consumption during peak usage hours is increasing at the rate of 12 percent annually, a demand growing more rapidly than the nation's planned generating capacity will be able to accommodate.

HUMPTY DUMPTY DAY CARE

The February Social Hour will take place at 1:30 P.M. at the Senior Citizens Center, Monday Feb. 13th. Plan to attend this event, as we have surprises planned for everyone. Refreshments consisting of home made cake and coffee will be served.

Tri-County Mardi-Gras Party

The Southern Planning and Development Districts of Hancock, Harrison, and Jackson Counties, held Annual Senior Citizen's Mardi-Gras Party, to select their Majesties King Kronus, and Queen Ambrosia for 1978, Feb. 6 at Gulf Park Campus, USM, Long Beach.

It was a gala affair attended by 300 revelers who were welcomed by Janice Williams, Nutrition Field Co-ordinator. The invocation was offered by Estha Sharp, Harrison County Day Care Center. The grand

promenade of the duke and maid chosen by each county center was the order of the day, an event which posed quite a problem for judges, Yvonne Miller, Violet Rile, Faye Blomberg, and Sam Lauderdale, to pick a King and Queen. After a very difficult time they selected, Colton Smith from West Side Gulfport Day Care Center as King Kronus, and Mrs. Blanche Collins from Bay St. Louis Day Care Center, as Queen Ambrosia.

Mrs. Genevieve Cole of the Bay St. Louis Center, won the prize for best costume. The Harrison County Center won the prize for the best center-piece of the party.

After the coronation of the king and queen by Les Newcomb, executive director, SMPDD, entertainment for the Royal Court opened with

STATE JAYCEES

Entrants sought to Miss Teenage pageant

Young ladies of Hancock, Harrison and Pearl River Counties are invited to enter the Mississippi United Teenager Pageant, July 7, 8 and 9 in Jackson. The Mississippi pageant is the official state preliminary to the Miss United Teenager Pageant, December in Washington, D. C. Host Hotel for the three day event is the Holiday Inn Downtown, Jackson.

Contestants will be judged on scholastic and civic achievements, beauty, poise and personality. No swimsuit competition or talent is involved. Contestants must be between 14 and 18 years of age as of December 31, 1978 and must have at least a "B" average in school.

Each contestant accepted will be requested to participate in the Volunteer, Community Service Program of the United Teenager Pageant. This program teaches teenagers to share and participate in school and civic affairs by contributing a minimum of eight hours time to some worthwhile civic or volunteer work to benefit the community before pageant time. Each contestant is required to write and present on stage an essay entitled "My Country."

who's new

Mr. and Mrs. Terry Burr of Bay St. Louis announce the birth of their first child, a daughter, Joellen Yvonne, weighing eight pounds, eight ounces, born Feb. 7 at Gulfport Memorial Hospital.

The maternal grandmother is Mrs. Gladys Tillman of Bayside Park.

The paternal grandparents are Mr. and Mrs. R.T. Burr of Clermont Harbor.

Mr. and Mrs. Woodson Westerfield of Clinton announce the birth of their first child, a son, Scott Woodson Westerfield. He was born Jan. 20 in Women's Hospital, Jackson. He weighed seven pounds, seven ounces.

Mrs. Westerfield is the former Barbara Moran of Kiln.

Maternal grandparents are Mr. and Mrs. Carl Moran of Kiln.

Mr. and Mrs. Peter Joseph Dahn, of Pascagoula, announce the birth of their first child, a son, Timothy Jason, on Sunday, Feb. 5, at Singing River Hospital, Pascagoula. He weighed eight pounds, six ounces.

Mrs. Dahn is the former Katherine Perniciaro, the daughter of Mr. and Mrs. Joseph Perniciaro, Bay St. Louis.

Paternal grandparents are Mr. and Mrs. John C. Dahn of Waveland.

Maternal great-grandmother is Mrs. Dominica Perniciaro, Bay St. Louis. Paternal great-grandmother is Mrs. August Kinsel, Columbus, Indiana.

Mr. and Mrs. William Ross Pitcairn, III, of Bay St. Louis announce the birth of their second child, a son, William Ross Pitcairn IV, Feb. 3 at Gulfport Memorial Hospital. He weighed 8 pounds 8 oz.

Mrs. Pitcairn is the former Marilyn Young of Long Beach, MS.

Paternal grandparents are Mr. and Mrs. W.R. Pitcairn, Jr., Bay St. Louis.

Maternal grandparents are Mrs. Otis Scarborough, Gulfport, and Mr. Earl Young, Long Beach.

Mrs. James A. Evans, and Mrs. William R. Pitcairn, of Livingston, N.J., are paternal great-grandmothers.

Mr. and Mrs. Robert C. Strong of Clermont Harbor announce the birth of their first child, a girl, Sarah Chantel Strong. She was born Sunday at Sibley Memorial Hospital, weighing seven pounds, five ounces.

Mrs. Strong is the former Susan Rene Johnson of New Orleans.

Maternal grandparents are Betty and Leon Lee, and paternal grandparents are Albert and Joanne Strong, all of Lakeshore.

The winner of the Mississippi Pageant will receive an all-expense paid trip to compete in the Miss United Teenager Pageant in Washington, D. C. and other prizes. Among the prizes that will be awarded at the National Pageant in 1978: \$15,000 in scholarships and awards, 1979 Thunderbird for the reigning year, \$2,000

personal appearance contract, \$2,000 wardrobe and a trip to Europe.

Those interested in entering the Mississippi United Teenager Pageant may write for information to Susan Smith, State Director, P.O. Box 1821, Fayetteville, North Carolina 28302 or call (919) 822-2453.

Echoes

Guests last week of Capt. and Mrs. Ivan Bradford were her niece Mrs. T.D. Babin and Mr. Babin of Baton Rouge, La.

Miss Rosemarie Cuevas of Metairie, La., returned home Tuesday after spending several days with her mother Mrs. Monroe Cuevas.

Henry Jr., Louis, and Joe Doussan attended the Rex ball Tuesday in New Orleans.

Mr. and Mrs. Edmond Michel had as a weekend guest his sister, Mrs. Genevieve Maxion, and as Sunday guests, Mrs. Mildred Lake and family, all of New Orleans.

Mr. and Mrs. Nelius Rhodes spent last week in Jackson with their son and daughter-in-law, Mr. and Mrs. Nelius Rhodes, Jr., and children, Nelius III, Mary Beth,

Michelle and Karen. While there they celebrated Nelius Jr.'s birthday.

Rev. and Mrs. J.C. Johnson will celebrate their birthdays next week. His is on February 13, and Mrs. Johnson's two days later, Feb. 15. Best wishes are extended.

A bouquet is also sent to Mr. and Mrs. John Ginn, who will observe their wedding anniversary on Feb. 15.

Former North Central student now drafting class epitome

CHARLOTTE PETERSON

By TRICIA BURKETT

"I've been interested in drawing things ever since I was in a fourth grade art class," says Charlotte Peterson, a Pearl River College sophomore drafting major from Pass Christian.

In the sixth grade Charlotte won first place in an art exhibit held in the Hancock school library. Ever since then Charlotte and art have been "attached."

Upon entering high school at Hancock North Central, Charlotte became a part of the drafting program. "All my friends wanted me to take the secretarial courses with them, but I felt I had to go my own way, and drafting is what I was interested in," says Charlotte.

Besides being an outstanding student in drafting at Hancock North Central, Charlotte also played varsity basketball for four years,

lettering all four years. She also served her class as secretary, treasurer, and vice president, was voted Miss Hancock North Central, won the departmental award in drafting, and was a member of the Beta Club.

Upon entrance to PRC in the fall of '76, Charlotte became an outstanding member of the drafting department.

Danny Harris of the Drafting Department, said of her this week, "Charlotte is an excellent drafting student possessing all the qualities of a good draftsman including accuracy and legibility. She is also conscientious, neat, and gets along well with everyone in the department."

Charlotte claims she spends most of her time drawing and getting ahead in class. Harris claimed, "There is constant competition in the drafting classes, and students often use Charlotte as a standard."

Right now Charlotte is drawing up floor plans for what she hopes will be her future home. Charlotte is engaged to Keith Harris, a former PRC student who also majored in Drafting.

Outside of class Charlotte is an active two year member of VICA serving as their secretary also for the past two years. She is also secretary of the Sophomore Class, Newman Club president, and was voted this year as Class Favorite. She also works part

time on the work study program here on campus.

In her "spare time" Charlotte draws quite a bit, plays a little basketball, and swims. She is a member of the Sacred Heart Catholic Church of Pass Christian.

When she graduates Charlotte plans on getting married and working in her chosen field in the Meridian area.

DAR names

Robin Coffey

good citizen

Miss Robin Coffey of Coast Episcopal High School, daughter of Mr. and Mrs. Donald S. Coffey of Bay St. Louis, has been selected to receive the National Society, Daughter of American Revolution Good Citizens award. Presentation will be made by Mrs. Fred Sinquefeld, regent, Gulf Coast Chapter, Feb. 8 at a noon luncheon in Best Western of Gulfport.

Miss Coffey is president of the Senior Class of Christ Episcopal, a member of Mu Alpha Theta National Honor Society, a member of the Student Council and the Society of Distinguished American High School students. She is also active in civic and church work. She plans to study for a degree in respiratory therapy.

Is the gas guzzler finally on the way out? As energy savers the nation's big three auto makers are trimming the fat in auto design and are discontinuing their biggest cars. They are also substituting lighter materials in the manufacture of cars.

Distinguished guest at the dinner will be Mississippi DAR State Regent, Mrs. Monroe Tate Thigpen of Picayune. Mr. and Mrs. Coffey will also be recognized at the meeting.

Gulf Coast Garden Clubs hear conservation report

The Long Beach Garden Club was host to the Gulf Coast Council of Garden Clubs, Feb. 3 at the Long Beach Garden Center. Mrs. John Prothro, president of the host club, welcomed the ladies to the Garden Center. Mrs. George Estes Sr. was chairman of hostesses.

Mrs. W. W. Dreher, representative of the Harrison County Soil and Water Conservation Committee, spoke on the plans of her group to make people aware of the need for soil conservation. There will be a state wide contest to select the teacher who is working most successfully in this area with her students. Arbor Day is tomorrow, Feb. 10, and it is being celebrated this year as part of the conservation program. The first week of May has been designated Soil Stewardship Week. The last Sunday in April has been named the day to give thanks in our churches for the soil which makes all life possible on the planet, Earth. The Mississippi program is a part of a nation wide celebration.

Mrs. Bess Seeley, Pilgrimage chairman, gave

her final report and distributed the Pilgrimage brochures to the clubs. All is now in readiness for Pilgrimage which begins March 29 at Bay-Waveland and concludes April 9 with Gautier, Moss Point and Pascagoula.

Mrs. Elda Duke, HANDS chairman, reported that the dates for turning in scrapbooks on HANDS projects is March 14, with March 1 being the deadline for slides on the various projects. The HANDS program is sponsored each year by Sears as part of its civic improvement program. The Gulf Coast Council coordinates participation of its member clubs in this worthwhile program.

It was announced that Course III of the Flower Show Judges School will be held May 1, 2 and 3 at Westside Community Center, Gulfport. The Gulfport Garden Club is the sponsoring club. For further information please contact Mrs. Paul Franke Jr. or Mrs. Arnold Kietzer.

Altar Guild

sets goals

for new year

Our Lady of the Gulf Altar Guild met Thursday afternoon, Feb. 2, in the rectory with Rev. Morgan Kavanagh, pastor Our Lady of the Gulf Church, opening the meeting with a prayer and Mrs. Irene Hille, president, conducting the business session.

Plans for the group's 1978 projects were discussed. Father who spoke to the group, stressed the importance of members visiting the sick in the area.

A social followed the meeting with Mrs. Rosalie Benigno as hostess.

The next meeting will be at 3:15 p.m., Thursday, March 2.

Properly inflated tires reduce drag on your car making it possible to get more miles per gallon. Clean points and plugs will also increase your car's mileage.

C.B. MURPHY NAMES WINNERS—The C. B. Murphy Elementary School in Pearlinton has named winners in the annual Mardi Gras model float building competition. Taking the honors in the first through fourth grade division are, front row from left, Roger Maddox, accepting honorable mention honors for Ronald Doyle; Tanis Breland, second grade, honorable mention; Tommy Necaise, third grade, third place; Wendy Givens, third grade, second place; and Gary Joe Winlan, second grade, first place. Fifth through eighth grade division winners are, rear row from left, Tawna Breland, eighth grade, honorable mention; Michelle Anderson, seventh grade, honorable mention; Shane Anderson, eighth grade, first place; Rene Darby, eighth grade, second place; and Adrian Burton, seventh grade, third place. (Staff photo-Edgar Perez)

Finances, 'basics' are school president's priority concerns

The Mississippi legislature believes that lack of finances and improving basic education are two of the biggest problems in public schools, according to a statewide survey completed recently by the State Department of Education (SDE).

Thirty-three legislators from the Gulf Coast area of Mississippi took part in the statewide survey. Gulf Coast Mississippi counties included Hancock, Pearl River, Stone, Harrison, George and Jackson.

State Superintendent of Education Dr. Charles Holladay said that survey results will be used to evaluate strengths and weaknesses of schools, then plan improvements.

Asked what are the biggest statewide problems with which education must deal, legislators most often said, "finance" (25 percent)

and "improvement of education, basics" (13 percent).

Interestingly, school teachers and superintendents who were interviewed agreed with the legislature that these are, in fact, two of the biggest problems in public schools over the state. Teachers said "general financial problems" (21 percent) and "basics" (12 percent). Superintendents stressed "finance" (36 percent), followed by "basics" (6 percent).

"Basics" generally refers to the teaching of reading, writing or composition, and arithmetic. All five "publics" included in the SDE survey were asked to rate schools as to the job being done in basics. "Publics" asked in addition to the three already named, are junior college presidents, and the general public. In nearly all cases, the majority of all publics ex-

cept junior college presidents - said public schools were doing either a "very effective" or "satisfactory" job in teaching basics.

Presidents, in fact, named "basics" more often (24 percent) than any other on problem in public schools.

Handicrafters show handmade articles

Clermont Handicrafters met Thursday, February 2, in the home of Mrs. Roseann Ross.

Mrs. A.M. Thomas, president, conducted the business session, and Mrs. Eunice Murray read an article entitled, "Cement Dust Eaters Cattle."

Several attractive handmade articles, including crocheted and ceramic carnival

pins, were displayed by the group.

The meeting closed with the thought, "You can tell more about a person by what he says about others than you can by what others say about him."

A Valentine theme was used in the decorations for the social hour when Valentines were exchanged by members.

PRJC DRAFTER—Charlotte Peterson, former Hancock North Central student, works on a project at her drafting table at Pearl River Junior College. Peterson was a varsity letterman in basketball while at HNC.

'78 officers announced

St. Clare's Sodality meet conducted by Mrs. Dormain

Sodality of Our Lady of St. Clare's Parish met Tuesday, Jan. 31, in parish hall with Mrs. Eugene Dormain, prefect, conducting the business session.

Other officers for 1978 are Mrs. Frank Schmieg, vice prefect; Mrs. Robert Mendow, recording secretary; Mrs. Morgan O'Rourke,

corresponding secretary; Mrs. Adrien Chagnard, treasurer and Mrs. Edward Canady, publicity.

Mrsgr. John Scanlon, pastor, spoke to the group on Lenten devotions.

Mrs. Dormain appointed Mrs. James Hubert luncheon chairman; Mrs. Leslie Galivan, membership, and

Mrs. Henry Capdepon, social chairman.

New members Mesdames Edgar Peterson, Robert Revere, Charles Johnson, Carlos Lozano, Louis Smolensky, Samuel McCordle, Mildred Means, Irwin Bontemps, H.A. Parrish, Robert Henley, and John Clements, were welcomed by

the group.

Mrs. Hubert hosted the social hour.

The next meeting will be at 2 p.m. Feb. 28 in parish hall.

Life in 1990 is idea behind 12-city series

"We cannot afford the luxuries of complacent drift or indecision," explained Dr. Walter Mathews, designer of a series of community meetings, to be held in 12 cities around the state including Biloxi, which will explore what Mississippi will be like in 1990.

Mathews, an associate professor of educational administration at Ole Miss, developed the series for the Mississippi Committee for the Humanities to help citizens examine issues concerning the future life of Mississippians in order to make enlightened decisions affecting the future. Mathews is also a member of

the Mid-South Chapter of the World Future Society.

"There is a growing conviction that human goals and determination must and will make a difference," said Mathews. "The future can be molded by human action."

A Mid-South humanities scholar and a community leader will open each program by outlining a possible future life in Mississippi related to definite public issues. The presentation will be supplemented by a short film highlighting certain aspects of the future, followed by general discussion.

The public issues to be explored at the various meetings include growth, energy and raw materials, food, values, the family and women's roles. The meetings will be held in Batesville, Biloxi, and Laurel, as well as Columbus, Greenville, Jackson, Meridian, Oxford, Senatobia, Tupelo, Vicksburg and Yazoo City.

Among institutions and organizations represented by scholars on the programs are the University of Mississippi, Millsaps College, Mississippi University for Women, Delta State University, Southwestern at Memphis, Mississippi State University, the University of Southern Mississippi, Jackson State University, the Phil Hardin Foundation, and Meridian, Monroe and Maple.

State to host

high school,

Jr. college day

A full day of activities is being planned for high school and junior college students Saturday, Feb. 25, as Mississippi State University hosts its first-ever Spring Semester High School-Junior College Day.

The day's events will get under way at 9 a.m. with registration in Allen Hall. Students will have an opportunity to visit the departments of their choice and talk with professors and students in their fields of interest.

An organizational fair will also be held, along with a concert sponsored by the Student Association. The MSU Stage Band will perform in the cafeteria during lunch, which will be provided for all visiting students.

At 7:30 p.m., the MSU Bulldogs will host the Florida Gators in a basketball game in Humphrey Coliseum. Special student tickets will be available at the coliseum.

For additional information, contact the Office of College and School Relations, Drawer 5208, Mississippi State, 39762, or telephone (601) 325-3076.

Creative writing

is subject of USM

spring courses

Two courses in creative writing will be offered spring quarter at the University of Southern Mississippi-Gulf Park regional campus. The courses may be taken for either graduate or undergraduate credit.

Fiction writing will be offered Monday evenings. Dr. Carol Berge, who has authored 15 books of fiction and poetry and published numerous stories and poems in periodicals and literary journals, will instruct the course. She joined the USM faculty last fall.

Poetry writing, a class which will meet Tuesday evenings, will be taught by Dr. D. C. Berry, who has been a member of USM's Center for Writers since 1972. Berry has published more than 200 poems in various literary magazines and was recipient of a Southern Federation of States Art Agencies' grant in 1977.

Nurses aide

course still

registering

Registration is still open to the six week Nurse Aide course now being offered by Pearl River Junior College, Hancock Vo-tech Center, Kiln, and Hancock General Hospital.

Upon satisfactorily completing the course, graduates will be eligible to work in health care agencies as nurse aides and orderlies.

Persons wishing to register should do so at the school from 8 a.m. to 4 p.m., Monday, Feb. 13.

Additional information is available at 487-3588.

Over a ten-year span at today's prices, a gas range with an automatic igniter will consume \$100 less gas than one with a constantly lit pilot light.

Free income

tax service

opens Feb. 15

Persons of lower income, retirees, and residents of Hancock County unable to prepare their own income tax returns, may seek assistance through the Tax Aid Program of the American Association of Retired Persons.

The program, to begin on Feb. 15, will be available from 10 a.m. to 6 p.m., Wednesdays only, from Feb. 15 through April 15. The service is to be staffed by volunteers trained by the Internal Revenue Service.

The tax assistance service is designed to help older taxpayers to understand the various income tax forms and become familiar with the special exemptions available to retirees, some of whom are no longer required to file tax returns, and some are unaware of special exemptions.

Persons using the service are asked to bring copies of their last year's return, the current forms - mailed to them by the IRS, and W-2 forms covering earned income, statements of interest, and dividends received in 1977.

Opinion/Ellis Cuevas

How to get people out to vote

Saturday, Hancock Countians will face an age old problem. The problem is how do you get folks out to vote, especially in a special election.

One suggestion we received Monday from a resident was, since this is an assessor-tax collector election, taxes and assessments would be raised according to the percentage of non voters. As an example, if only 30 percent of the voters voted, taxes and assessments would be raised 70 percent. We feel this sure would get some attention, but it isn't possible.

As we have said before, the majority elects our political leaders. The majority is only figures on the amount of votes cast on election day. We have observed over the years, the persons that squak the most about our political leaders are the ones who ignore elections by staying away from the polls.

The office of assessor-tax collector is very important, so let us all get out and vote Saturday for the candidate of our choice. You can help by reminding your friends and neighbors about the election. It won't take much time to vote with only one race on the ballot.

Vote Saturday.

Opinion/Ellis Cuevas

Youth Court in Hancock

Hancock County's Youth Court is a busy place these days. It handles all types of cases involving juveniles, though all not necessarily of a criminal nature.

We have noted the Hancock County's Youth Court gives sentences in payment of restitution in cases where damages are caused. We feel that this is a very good measure.

In further checking, we found out that from Jan. 1972 through Dec. 31, 1977, restitutions in the amount of \$13,562.65 have been court ordered by the court.

We are told by Youth Court officials that we have the lowest repeated offender rate than any other county in the State.

Our Youth Court has found many cases where the parents are at fault through neglect, and so forth. Many cases involve adults more than youth.

To show how busy Youth Court in Hancock is, in January, thirty cases were handled, in addition to ten special hearings.

The big thing we gather from looking into the Youth Court system in Hancock County is the fact that rehabilitation is the philosophy being used.

We all must remember the youth of today are the leaders of tomorrow.

We commend all of our Youth Court officials on the fine job they are doing.

We feel they earn their keep.

Ash Wednesday is first day of Lent season

By JOE PILET
Chairman
DAR Americanism
& Manual for
Citizenship

Ash Wednesday, celebrated yesterday, is the first day of Lent. In early years Christians dressed in sack cloth to show repentance and sorrow for their sins. A cross was made with ashes put on the foreheads of worshippers, a symbol to remind the followers of the faith that men are mortals whose destiny is death.

In the coastal area many churches follow this age-old custom. There is the ritual of Penitential Office. The day is designated for prayer and for meditation. Christians made an endeavor to improve their attitudes and many make certain sacrifices "giving up for Lent" some habit or some indulgence to emphasize self-sacrifice and spiritual growth.

The season is followed by Easter which falls this year on Sunday, March 26.

Don't forget
to vote
on Saturday!

Corps hearing

(Continued From Page 1A)

before a final resolution can be sent to Congress.

The Corps is attempting to determine if recordings of better than average seafood harvests in years following the opening of Mississippi River flood control structures resulted from the consequent flow of freshwater into the Gulf Coast estuary.

Louisiana and Mississippi commercial fishermen have maintained for years that fishing seasons are better after the opening of floodways.

At the Gulfport hearing, Victor Mavar of Biloxi, commercial seafood entrepreneur, said the increasing efficiency of the Mississippi River levee system has forced Mississippi's once-proud oyster industry into a "state of virtual non-existence."

He said practically all of the reefs at Pass Christian are dead and have not produced, except sporadically, for a number of years.

Mavar maintains there is "ample documentation" that a supply of freshwater across the estuarine areas "is very beneficial to the production of oysters and all other marine life species, both sport and commercial."

"We are only asking that an attempt be made to return the estuary as close as possible to its natural state, so that the once-abundant supply of many species can be harvested again," Mavar stated.

Dr. Richard Leard, executive director of the Mississippi Marine Conservation Commission, said "controlled entrance of freshwater into the estuaries of the Mississippi Sound will increase productivity and availability of seafood."

U.S. Fish and Wildlife representative Dan Tabberer said bays and marshes in the Mississippi-Louisiana coastal area have undergone "rapid, ecologically detrimental changes" because of the reduction of freshwater into these estuaries.

This dearth of freshwater has been brought on in part by channel improvements, upstream reservoir and flood protection levees which have essentially eliminated overbank flow of freshwater and nutrients, the federal official noted.

While no opposition to the proposal was expressed at the Gulfport hearing, the Corps may get a view of the other side of the coin in New Orleans today.

Included among various proposed methods of moving freshwater from the Mississippi River is maintenance of a continuing flow through the Bonnet Carré Spillway above New Orleans.

Freshwater would thus flow into the Mississippi Sound via Lake Pontchartrain and the Rigolets, but is sure to also result in the continual muddying of those bodies.

Another proposal to divert the river water through Bayou Manchac south of Baton Rouge through Lake Maurepas and then into Lake Pontchartrain would have the advantage of dropping off most of the silt into Lake Maurepas, but is likely to draw fire from persons with commercial and sport interests in that lake.

Lott is pushing for preliminary funding by the Congress which may run as high as \$2 million, according to Lt. Col. Charles H. Coates Jr., a Corps engineer and chairman of the study panel.

Also on the panel are R. A. Buisson of the Corps' New Orleans office and V. A. Landry of its Mobile office.

The study, already funded by the federal government in the amount of \$30,000 this year, is being conducted jointly by the two Corps offices.

Coates said a third public hearing will be held in this preliminary stage of the study at a date to be announced later. Final stage of the study will be to evaluate costs and benefits, and to determine environmental concerns.

Coates said written statements on the issue will be accepted by the Corps through March 11 at the Corps office, P.O. Box 60287, New Orleans, La., 70167.

The peoples business

ORGANIZING THE SOUTH
The United States Senate is expected to act soon on a bill which will make

Kiln fire...

(Continued From Page 1A)

happy we have progressed this far with the Kiln Water and Protection District of Hancock County, we are all trying to better our community.

"What we do today will be of benefit to many generations. Many hours of volunteer work have been performed by members of our organization and others, we appreciate their help. Our elected officials have been of big assistance, too."

The supervisors levy a two mill ad valorem tax, for a district providing income for its operation.

After buying materials the Kiln FVC received a boost by the Seabees of Gulfport in construction of a Fire Station last year.

The board of commissioners have applied to FmHA for a loan in the amount of \$40,000 for the purchase of a fire engine, and have made resolutions seeking these funds.

Public meetings are to be scheduled to acquaint the residents of the district with the proposed programs and answer questions.

Attorney for the Kiln Volunteer Fire Company and latterly the Kiln Water and Fire Protection District of Hancock County is William Frisbie of Bay St. Louis.

organizing of unions in southern plants much easier.

That bill - called the "Labor Reform Act" - is a grab by the unions for more members in the South, an area where most, organizing efforts have been rejected by workers. A similar bill was passed by the House in 1977, but was not acted on by the Senate.

Union membership has been declining in recent years. In fact, it declined by some 767,000 workers between 1974 and 1976. Now less than 20 percent of the American workforce belongs to a union.

REA loan ...

The CFC is a "cooperative of cooperatives" which is designed to provide independent financing for its member cooperatives in some 35 to 50 years, thus eliminating the need for the cooperatives to seek government aid through low-cost loans.

The CFC is supported through investments by member cooperatives as well as individual members of the cooperatives making up the CFC through purchase of Series E bonds, according to a member of the cooperative.

The five percent federal funds loaned to cooperatives are also reinvested in the CFC by its members, the source reported.

"Dogpatch, USA," entered by the "Krewe of Koennan." The entry featured most of the better known Al Capp characters along with a few "strangers from the flatlands."

Best costume was judged to be "Puff the Magic Dragon."

Winner of a trophy for the outstanding marching group was the "Last Half of the Half Past."

Other trophies were awarded to: "Old Woman Who Lived In A Shoe," best boat; "Hansel and Gretel," runner up.

A special presentation was given Beth Spagman for her work in connection with the event.

Balance of Land Parade winners included: Hancock North Central Band, special award; "Somewhere

over the Rainbow," Garden Club, best float; "My Favorite Martian," best golf cart; "Aladdin and his Gennie," runner-up golf cart; Diamondhead 4-H Club, "Bozo and his Clowns," best mounted group; "Dracula," best land costume.

Following the reading of proclamations, the royal courts were entertained by the Diamondhead Washboard - Jug Band, which featured Prima Singer, choreography and dance.

The proclamations dealt with kingly attitudes towards the Mardi Gras celebrations, and a dissipation of hope that equipment utilized in the playing of golf remain more or less on the fairway (or words to that effect).

Tales told by a pioneer

by S. Grady Thigpen,

Hancock County historian

An old friend of mine who
was a real pioneer and a real
old time character was always
good for an interesting story
every time you met him.

The old man liked to tell how
bad the fog got down next to
Pearl River one foggy morn-
ing! One morning the fog
was so thick you could cut it
with a knife, the ground area
toward the river was in-
distinguishable. When he
came across a slight decline
that he thought was the river
bank, he stopped, sat down on
a log he found at hand, baited
his hook and threw it into what
he thought was Pearl River.

Within a short time, he got a
bite, jerked his hook up but
nothing was on it. He felt
down the line to the hook and
found that the bait was gone.

**THE OLE
PASTOR
SAYS...**

IS YOUR CHURCH
COSTING TOO MUCH? This
depends, of course, upon what
the money is spent for. But
historic and Biblical
Christianity is a positive
movement based upon the
practice of sacrificial giving.
See John 3:16. Are you one of
those who chronically com-
plain about the cost of ex-
pediting the ministry of your
church?

"All I hear at my church is
about the constant and
mounting need of money," is
the complaint of some church
members. Anything wor-
thwhile involves cost and
sacrifice. If your church is
doing nothing; then it should
cost nothing!

The story was once told to
me of a chronic complainer in
his church who went to one of
the church's leaders and
whined about what the church
was costing him. The sober-
minded and thoughtful church
leader answered:

"I want to tell a story," he
began, "right out of my own
life. Some years ago a little
boy was born in my home, and
from the time he was born he
cost me money. I had to buy
food, clothes, and medicine,
and after a while, toys and a
little shaggy puppy. Then,
when he started to school he
cost even more. When he went
off to college, the expenses
continued to mount up even
more. And, while there, he
started going out with girls
once in a while, and you know
how much that cost!"

"Then in his senior year, my
boy took sick and died - and,
you know, he hasn't cost me
one red cent since that time -
not one red cent."

A live growing boy cost
money! I believe he is worth
the cost. A live growing
church doing worthwhile
things, like witnessing for
Christ, winning souls at home
and around the world, cost lots
of money, it's true! But dead
churches cost very little...and really should cost
nothing!

It is important that you
cheerfully give of your means
to keep your church alive and
vital! We should give...that
others may live...eternally!

Mrs. Perniciaro

celebrates her
98th birthday

Mrs. Dominica Perniciaro
celebrated her 98th birthday
with a family gathering Jan.
31 at the home of her son-in-
law and daughter, Mr. and
Mrs. Henry Pullizzano.

Joining in the celebration
were her sons and daughters-
in-law, Mr. and Mrs. Lucien
Perniciaro, Mr. and Mrs.
Frank Perniciaro, Mr. and
Mrs. Sam Perniciaro, Mr. and
Mrs. John Perniciaro, and
Mr. and Mrs. Joe Perniciaro,
and Mr. and Mrs. Nancy Per-
niciaro and children, Martin
and Linda, and her sons-in-law
and daughters, Mr. and Mrs.
Henry Pullizzano and Mr. and
Mrs. Edward Ybos, all of Bay
St. Louis.

He baited the hook again and
threw into what he thought
was the river. Soon he got
another bite, but the hook was
empty - no bait on it. He kept
baiting his hook, throwing it
into the river but each time
something again had gotten
his bait.

The heavy fog down on
Pearl River, rises quickly. As
he was baiting his hook again,
the fog lifted. He saw a big
rabbit sitting there waiting for
him to throw the hook back.
The river bank, said the old
man, was 50 feet away. The
rabbit had been stealing his
bait.

In telling this tale, the old
man would solemnly declare
that this was a real, true story
and he would say "I can
prove to you that this was
true."

When asked how he could
prove it, he would say, "I'll
show you where it took place."

Though you may have
doubted this tale, I am sure
that after such convincing
proof, you'll have to admit
that it was a true story.

After Highway 11, first
called the Jackson Highway,
was first built through this
area, my old friend at
Nicholson, built a new home
on the sharp curve where the
highway swings westward
from the railroad.

Soon traffic increased and
continued to increase. The

location of the house was
directly in front of the road
where it turned leftward.

Several accidents occurred
there as fast traffic built up.
Drivers, not seeing the house
in time, ran into the front yard
and into the front porch of the
house. Then one dark night a
car ran across the front porch
and into the house hitting the
bedroom where my old friend
was sleeping.

In describing the wreck
later on, the old man would
explain that he heard great
noises and then a crash into
his bedroom that shook the
whole house. Then with a
gleam in his eye would say,

"When my bed shook, I
reached over across the bed
and found an object in bed
with me. I turned the light on
and lo and behold there was a
Ford car in the bed with me!
The old gentleman from
Nicholson liked to boast of the
dogs he owned, especially of
"Old Bounce."

He would tell you that he
could draw a picture of any
animal in this area, show it to
the dog, and he would go out
and either catch it or tree it.
And he on occasion proved
that this was true.

A young fellow out from
New Orleans while visiting
him heard him tell one of his

favorite stories about Old
Bounce.

When the young fellow
questioned him as if not
believing him, he told him,
"Draw a picture of a squirrel,
young man and then hold it
before that dog for a few
minutes, let him get a good
look at it and I'll prove to you
that he will go tree that
squirrel and be baying at the
tree he's in within a short
time."

The young fellow drew a
rough picture of a squirrel and
as directed by the old man
held it in front of the dog
several minutes.

When he withdrew the
picture, the dog trotted off as
if he had fully understood
everything said. What the
young fellow did not know was
that a confederate of the old
man had stood behind the
picture and when the
picture was withdrawn, he
whistled at the dog and waved
it to follow him.

At that time, there were
plenty squirrels in the area,
and one could be treed most
anytime. With a short time,
the baying of the dog was
heard. The young man,
hurried to where the dog had
treed a squirrel. He shot the
squirrel and brought it in,
greatly surprised.

The old man said that
several visitors from the
nearby big city came to
Nicholson to see the dog.

When anyone would
question him, he would listen
intently and then reply, "Well,
if you don't believe it, I can
prove it to you."

Each time he proved beyond
question that the story was
true. He would show Old
Bounce to the visitor, and say,
"There's the proof, there's the
dog that saw the picture and
then went out and treed the
squirrel."

Another favorite story often

told to unsuspecting visitors
was the one about giant
gobblers down on Dead Tiger
Creek.

He would tell how the giant
turkeys would turn their backs
on an interloper to their home
area, and with their feet
throw dried knots to try to hit
anyone trespassing on their
home.

He would tell how one would
have to hide behind some of
the big trees to keep from
being killed.

He would claim he caught
some suckers on this story,
which I have always doubted,
though he would tell it in a
most solemn manner.

LOUIS

Obituaries

EMILE LACOSTE JR.
Funeral services for Emile Joseph Lacoste Jr., 67, who died Tuesday in Jackson, were conducted Wednesday at the Edmond Fahey Funeral Home, Bay St. Louis. Burial was in Gardens of Memory Cemetery.

He was a native of New Orleans, a Catholic, and a former member of the Mississippi Contractors Board. He had attended Louisiana State University. Survivors include his wife, Mrs. Laurin Gex Lacoste of Bay St. Louis; one son, E. J. Lacoste III of Jackson; three brothers, Robert Lacoste of New Orleans, Bernard Lacoste of Williamston, Del., and Paul Lacoste of Jackson; one sister, Mrs. Yvonne Lacoste Kotemann of New Orleans; and four grandchildren.

LILLIAN BUCK
Funeral services and burial were scheduled in New Orleans for Mrs. Lillian E. Buck, 86, who died Tuesday at Gulf View Haven Nursing Home in Bay St. Louis.

Edmond Fahey Funeral Home in Bay St. Louis, and P.J. McMahon and Son Funeral Home on Canal Street in New Orleans were in charge of arrangements.

RACHEL THOMPSON
A 10 a.m. requiem mass will be celebrated today, Thursday, at St. Clare's Catholic Church, Waveland, for Mrs. Rachel Deck Thompson, 86, of 406 Jeff Davis Ave., Waveland. Burial is to be in St. Mary's Cemetery.

Mrs. Thompson, who died Tuesday at her residence, was a New Orleans native and resident of Waveland for the past 35 years.

In addition to St. Clare Catholic Church, she was also a member of the Bay-Waveland Garden Club.

Survivors include a son, Horace A. Thompson Jr. of New Orleans; a daughter, Mrs. Dorothy Hubbard of Waveland; a brother, Albert Deck; and a sister, Ms. Augustine Deck, both of New Orleans; ten grandchildren; and 16 great-grandchildren.

WILLIAM E. PURSLEY
Funeral arrangements for William Earl Pursley, 23, of Bay St. Louis who died Wednesday morning at East Jefferson Hospital in Metairie, La., are to be handled by Edmond Fahey Funeral Home in Bay St. Louis.

He was a resident of 212 Leonhard Ave., and was born May 31, 1954.

Survivors include his father and mother, Dr. Paul A. Pursley and Helen Edwards Pursley, both of Bay St. Louis; five brothers, Paul and Hubert of Bay St. Louis, James of Nashville, Tenn., and John and Michael, both of Waveland; three sisters, Misses Amrita and Julie Pursley, both of Bay St. Louis, and Mrs. Susan Little of Gulfport.

Saltwater licenses proposed

The Mississippi Marine Conservation Commission, at a Monday meeting in Gulfport, approved a resolution supporting a legislative proposal to establish a \$2 saltwater fishing license.

The license would be required of both residents and visitors.

Also at this week's meeting, the commission took under advisement a proposal by Jackson County fishermen and seafood processors to drop the current prohibition on shrimp within a half-mile of beaches.

The Jackson County interests are seeking to have the limit dropped during the period Aug. 1-Dec. 1. Commissioners said the half-mile limit will be reconsidered following the shrimp season this year.

Another proposal to allow the tying together of two nets between boats to circumvent current net restrictions was also tabled until a ruling on the legality of the proposal can be obtained.

LLOYD E. CHANGNON
Lloyd E. Changnon, 65, Coast insurance official and a resident of 103 Azalea Drive, Long Beach, died Sunday in Ochsner Foundation Hospital in New Orleans where he had been a patient for one month. Mr. Changnon had undergone heart surgery for the second time.

Born Feb. 17, 1912, in St. Ann, Ill., he had resided on the Coast since 1952, and was owner of his own insurance agency, representing the State Farm.

He was a Presbyterian and a member and past president of the Gulfport Lions Club. He was also a member of the Knights of Pythias and Gulf Coast Coin Club and the American Numismatic Society.

Mr. Changnon is survived by his wife, Mrs. Lucille Wells Changnon, Long Beach, and several brothers and sisters. Memorial services were Wednesday at Riemann Funeral Home in Gulfport with Chaplain Lonnie McKnight, Long Beach, officiating.

The family prefers memorial donations to the Gulfport Lions Club sight preservation programs.

EMMA SMITH ERHARD
Funeral services for Mrs. Emma Smith Erhard, 69, of 225 Texas St., Gulfport, were held Monday at Lang Funeral Chapel, Gulfport. Burial was in Southern Memorial Park, Biloxi. She died Saturday at her residence.

A native of Copiah County, she had been a resident of the Gulf Coast for the past 40 years and was a retired civil service employee from Keeler Air Force Base.

She was a member of St. James Catholic Church in Gulfport.

Mrs. Erhard was the wife of the late John T. Erhard. Survivors include three stepdaughters, Mrs. Harmon E. (Emily) Turan of Waveland, Mrs. Elise Woodall and Mrs. Pat (Norma) Rookis, both of Birmingham, Ala.; one son, Val Erhard of Gulfport; two sisters, Mrs. Horace (Annie Belle) Furr of Hazelhurst and Mrs. Jessie Furr of Gulfport; two brothers, Robert C. Smith of Crystal Springs and Charles E. Smith of Memphis, Tenn.; seven grandchildren; and six great-grandchildren.

GEORGE SMITH
Funeral services for George Albert Smith were conducted Sunday at the Union Baptist Church, Caesar, with burial in the Caesar Cemetery.

Mr. Smith died Saturday at Crosby Memorial Hospital, Picayune. He was 84 and a resident of Leetown.

Survivors include one sister, Mrs. Nellie Jones, and one daughter, Mrs. Helen Ferguson, both of Picayune; three brothers, Ansel Smith of Picayune, Horace Smith of Hattiesburg, and Gilbert Smith of New Orleans; three grandchildren and three great-grandchildren.

Arrangements by McDonald Funeral Home, Picayune.

CAPTAIN OF KREWE HASKELL DOYLE salutes Triton viewing stand during Mardi Gras Day Parade, Tuesday, from Our Shopping Center, Waveland, to Bay St. Louis Mall. Event is now in fourth year and theme was 'Haunted House.' More pictures will be presented in Sunday's issue.

For Fall quarter

USM tells President's Dean's honors students

Six students from Hancock County have been named to the President's list at University of Southern Mississippi for the fall quarter.

The list represents the top academic honor roll at USM, and to make the honor a student must maintain an All A, or 4.0 average, on a load of 10 semester hours.

Listed are: Gary Stephen Blaize, Debra Lynne Lear, Dennis Victor Raymond, Lloyd J. Schubert, Jr., all Bay St. Louis, and William Blake Cannon and Keith Scott Folse of Waveland.

Others on the list include, from Long Beach: Angela Lynne Clark, Michael Wayland Gilbert, Margaret Lynn Hammons, Daniel Paul Jones, Michelle Kay Kouba, Karen L. Krug, Leslie Meredith Morreale, Kathy Ann Rogers, Shirley Carolyn Thornton, Deborah Marie Wehrmann; from Pass Christian: Virginia Lynn Crabtree, Sheila A. Russell Fancher, Judy Ann Niolet, Donna Sue Sellier, Jane Brister Trepagnier.

Maintaining an average of 3.25, with a minimum load of 10 semester hours, 22 students from Hancock qualified for

the Dean's list.

Successful here were: Bryan Ervin Acker, Mike St. John Battalora, Barbara Jean Bostick, Scott Alexander Evans, Ronald John Genin, Dolores V. Carver Hass, Mary Jo Koch, Barbara Ann Marchino, Julie Ann Martinovich, Candace C. Ladner Murphy, Stephen Lee Poindeux, Julie Ann Roberts, Michael Wesley Robinson, Anne Marie Rosato, Kathy L. Webre, Leslie Joseph Williams, Marion Joseph Wolf, III, all Bay St. Louis;

Jeffrey Joseph Boos, Clermont Harbor; Marie Darlene Cuevas, Kilm; Nancy Ann Hathaway, Rhonda Lee Reinhardt, Waveland.

Others qualifying included: Long Beach: Bruce Alan Beal, Sandra Gail Bosarge; Marilyn Marie Bowes, Mary Rachel Burge, Brenda Gattian, Karen Ann Glancey, William Walter Irwin, Jr., Kathryn Louise Jobe, Michael Timothy Kayes, Julie Ann Langston, Janice C. Lowrey, Linda Marie Neal, Russell Patrick Neal, Catherine V. Pierovich, Chris L. Pierovich, Christine

FNS suspends Peterson's,

in Perkinston

Peterson's Grocery, Necaise Crossing (Perkinston P.O.) has been barred from accepting food stamps because of violations, according to the US Department of Agriculture's Food and Nutrition Service (FNS).

The store, owned by Oscar and Elodie Peterson, was disqualified from the program for 90 days, starting Jan. 14, after being charged with selling ineligible items for food coupons. Among the items were motor oil, paper products, and light bulbs.

Jerry Kelly, Mobile Field Office, FNS, said the store will not be allowed to accept food coupons during the disqualification period.

Hew said that food stamps, by law, can be used only to buy food. The exceptions, he explained, are garden seeds and plants to be used to produce food.

Morton Sharp, Charlotte, M. Wade, Timmons, James William Welch; Pass Christian: Angela R. Ausmer, Leslie Louise Erichsen, Jeri L. Granillon Foley, Sherry Ann Garrett, Terri E. Huffman, Malcolm, Florian Jones, Margaret Elaine Tabor, Cynthia Walsten, Sal Wimbegans, Michael Grant Shallock, Robert S. Ebrite.

SECOND NOTICE OF PUBLIC HEARING

Notice is hereby given of public hearings to be held by the Mississippi Air and Water Pollution Control Commission on Friday, February 17, 1978, at the following locations and times: at 9:30 a.m. in the Board Room, Hancock County Courthouse, Bay St. Louis, Mississippi; at 2:30 p.m. in the Board Room, Jackson County Courthouse, Pascagoula, Mississippi; and at 7:30 p.m. in the Board Room, Harrison County Courthouse, Gulfport, Mississippi. The purpose of the meetings is to receive public comments on the area-wide wastewater treatment facilities plan covering the three coastal county area. This plan has been developed pursuant to the provisions of Section 208 of Public Law 92-500, the Federal Water Pollution Control Act Amendments of 1972.

Documentation in the form of a summary report, facilities schematics, facilities costs, environmental assessments and other pertinent information will be available in the following public libraries during normal working hours from February 6 through February 17, 1978:

Bay St. Louis-Hancock County Library, Highway 90, Bay St. Louis; Waveland Library, Coleman Avenue, Waveland; Biloxi Public Library and Cultural Center, Lemus Street, Biloxi; North Bay Area Branch Library, Central Avenue, D'Iberville; St. Martin Public Library, Lemoine Boulevard, Biloxi; Gulfport-Harrison County Library, 21st Avenue, Gulfport; Harrison County Library-Orange Grove Branch, Norwood Village Shopping Center, Gulfport; City of Long Beach Library, Jeff Davis Avenue, Long Beach; Pass Christian Public Library, Heyn Avenue, Pass Christian; Moss Point City Library, McInnis Avenue, Moss Point; Ocean Springs Municipal Library, Dewey Street, Ocean Springs; Pascagoula City Library, South Pascagoula Street, Pascagoula.

It should be understood that this hearing is for a limited purpose: disclosing information to the public concerning the description of a consolidated waste treatment system and its pertinent interceptors to serve the needs of the Coastal area over the next 20 years. Information concerning the project's definition, scheduling, management structure, rates and other related data will be the subject of subsequent public disclosures. The public is urged to review the documentation in the libraries and to provide input, critique and comments so that its views can be considered in the ultimate facilities plan. Personnel of the Mississippi Air and Water Pollution Control Commission will be available during the hour preceding the hearing times for the purpose of clarification and last minute discussion.

Atlas...

(Continued From Page 1A)

Board before spending further company funds on the project.

Issuance of the bonds, in the name of the county, was approved by the supervisors at the same session. They had previously authorized bonds at-torneys to prepare all necessary documentation in connection with the issue but until this week, refrained from final commitment.

Also under the lease terms, the company will either construct, or pay for, 2250 feet of six inch potable water line to the property, at an estimated cost of \$18,000.

The county has agreed to waive protective covenants to permit an employment rate of not less than one person per acre, excluding those in the bunker area, which will rise to between 20 and 25 persons per acre from time to time including those people engaged in shipping and handling.

The Port Bienville Shortline Railroad will benefit from the company's arrival by an estimated \$30,000, revenue needed by the system to offset considerable operating costs.

A delegation last month travelled to Kings Bay, Georgia, site of the Atlas Company's present loading facility, and reported back they were "very impressed..." with all they had seen.

The company has been in negotiation with the county for about six months on their locating at Port Bienville.

Concern had been expressed concerning possible negative effects of their settlement to the other tenants at the location, to the degree that Port Director Wilson W. Webre was instructed to obtain written opinions on their behalf.

Principal objections were overcome when the company agreed to relocate their land choice within the park, to an area more remotely situated than the first selection.

The supervisors approved both the bond issue and the lease-option agreement on roll call votes, with the result being unanimously in favor.

Supervisor Bert Courge, with an eye on the requirements of present and future industrial prospects, asked Webre if he couldn't "get a handle..." on some of the natural gas now being found throughout the county, "... before it all gets away."

Supervisors agreed it was "getting away" fast (being put into the pipeline or otherwise committed), and were told by Webre they had better ask John Rutherford, their clerk, to instigate action.

Moving to other matters, Mike Ladner, of Kiln, was rehired by the supervisors as building inspector, and

(Continued From Page 1A)

Supervisors Alton A. Kellar, board president, Beat 2, and Oscar Peterson, Beat 3, accepted the keys of two, new community centers from architect Fred Wagner who announced he was satisfied they were complete and ready for occupancy.

The centers, one at Bayou Phillips and one at Necaise Crossing, were built with total government funding.

Wagner also reported on condition of the jail.

He said he was satisfied the electrical system was now in satisfactory shape and "safe." This included, he indicated, a new fuse box system whereby a single circuit and not the whole building would be affected should prisoners rip out wiring or otherwise damage the system.

The problems caused by ancient piping are still plaguing the system with the mainlines to showers having been repaired only to fail one more time. Showers now have to be turned off at the water source upon completion of prisoner ablutions, as water continues to force its way up through the concrete floor.

Wagner said the present lines will have to be abandoned in favor of new piping, a move approved by the county.

Clerk Rutherford said the electrical repairs had been estimated by Wagner at \$1200. The actual cost, he reported, was \$1005.

A hopeful note was introduced by Supervisor James Travirca who indicated that recent conversations with Trent Lott, representative, in Washington, had revealed it was expected additional government funding would be made available to the county for construction of both a new jail and a courthouse addition.

Supervisors also opened bids on three bridges and two culverts to be built with state aid funds on the Fire Tower Road, a road crossing through areas of Beats 3, 4, and 5.

Low and successful bidder was Shaw Construction Co. of Perkinston (Crane Creek), in the amount of \$19,511.90.

A second bid received was from A.G. Wilson Construction of Long Beach, this in the amount of \$25,768.

In separate matters the supervisors: -Heard the Agriculture and Industry Board (A and I) had approved the ad valorem tax exemption for Alcan Aluminum;

Approved 18th Section leases on two homesites and a 10 year lease with Tennessee Gas Transmission;

Approved the temporary appointment of Carl Fricke et al to manage the county home until a permanent housekeeper can be engaged.

Pooch of the Week

Bay-Waveland Humane Society, Inc., has four seven-week-old puppies in need of homes.

King Christian, Queen Christiana reign at 45th Annual Carnival Ball

By SALLY JAMES

St. Paul's Auditorium was the scene Saturday night of St. Paul's Carnival Assn., Pass Christian, 45th Mardi Gras Ball. Decorations designed by Mrs. David Tullos and her assistants were throughout the ball room.

Featured were four 12-foot tall clowns on either side of the stage, on which sat the Royal thrones, under a canopy of deep red and gold. The ceiling of the room was designed to resemble the roof of a circus tent, from which hung net bags filled with multi-colored balloons waiting to shower down upon his Majesty's loyal subjects. Large cutouts of circus animals completed the decorations.

A clow, the ball captain, entered showering the crowd with carnival doubloons, preceded the entry of the court of his Majesty King Christian XLV, George "Rusty" Trowbridge.

The King was resplendant in a costume, especially designed by Mrs. Sandra Bishop. It was made of imported silver and gold brocade accentuated with scattered crystal beading. The front of the jacket was decorated with pearls, beading and rhinestones. Under the jacket the King wore a satin shirt trimmed with imported laces, also accentuated with crystals. The shirt featured french-cuffs with jeweled cuff links with his pantaloons matching the jacket. The King wore the traditional "Crown of Christian," which was donated to the Association by Admiral Jahncke, who wore it when he ruled as Rex in 1915. The 1978 King carried a matching scepter.

Her Majesty, Queen Christiana, Mrs. Don (Shirley) Sessum, wore a ball gown designed for her, of white chiffon, featuring a decolletage neckline, and semi-circle skirt of layered chiffon. The hem of the over-blouse, fell to the hip and was of silver on silk, finished with ropes of crystals and pearls.

Imported rhinestones outlined the neckline. The silver motif on the bodice was lavishly re-embroidered with silver-sequins, crystals and seed pearls.

She wore the crown of Christiana and carried a scepter covered with orchids.

Dr. Charles D. Taylor, master of ceremony, introduced Tom Anthony, Jr., president of St. Paul's Carnival Association, who made the formal presentations of the traditional flags made for the royal couple each year by Mrs. Julia Cerra.

To his Majesty King Christian went the silver champagne cooler, the Queen received the customary wine cooler.

Mario Giani, grand duke and Mrs. Carole Godley, grand duchess, received silver goblets, as did the 1977 King and Queen, Capt. Charles Darrell and Mrs. Louis Altier.

Members of the Royal Court and officers in the association received gold doubloons on chains. Flowers were presented to the Kings wife, and mother, and the grand duke's mother, and mother of the grand duchess completed the presentations.

Carnival association officers are, for 1977-'78: Tom Anthony, president; Sam Armato, vice president - president elect; Thelma Yockey, secretary, Russell Ringer, treasurer; Mrs. Sally James, Mrs. Alice Whittmann, Mrs. Edna Szymanski, trustees.

Committee chairmen for the carnival ball this year were: Mrs. Charles Tullos, decoration, art work; Mrs. Laurie Matkin, Mrs. Chris Darrell, court arrangements; Henry Rodrique, ball arrangements; Ella Clayre Huffman, publicity; Eaton Lang, floor; Mrs. Sam Armato, door; Lillian Dillard, program; Mrs. Olivia Denson, theme selection; Margaret Jean Kalif, doubloons; T. Wayne James, parade marshal; Carolyn Simpson, Madelyn Taylor, king's float; Mrs. Catherine Young, trophies; Mrs. Karen Boudreaux, doubloon art work.

Football, basketball stars honored with SSC banquet

By SHARON WALLS
"We are very proud of our boys for the maturity and discipline they have developed and displayed throughout our athletic programs," commented Brother Louis Richard, athletic director of St. Stanislaus College, in the opening remarks of the Varsity Football and Basketball Banquet in honor of the student athletes at St. Stanislaus Friday.

In making the presentation of varsity football awards, head football coach Bill Poole said, "Of all the teams I have worked with I have enjoyed working with this group of young men most. Their enthusiasm and responsiveness have made this a good year." Seniors Jay Rousseau and

Gene Rogers were named co-captains for the '77 team. Gene Rogers was also named Most Valuable Player. Most Valuable Offensive Back was awarded to senior Bill Kergosien and Most Valuable Defensive Back was presented to Junior Randy Santa Cruz and Jamie McKeough, also a Junior, was named Most Valuable Defensive Lineman. Gordon Boh, a Senior, was awarded Most Improved Player.

"This has not been one of our best basketball seasons," commented head basketball coach Bob Cuccaro. In fact, it has probably been one of our worst. But our boys have really worked hard, and put in

a lot of time and effort. Our team is still young and most of our boys will be returning so I believe we can look forward to a good season next year."

Cuccaro presented the co-captains award to Charles Vincent and Kerry Corr, both Juniors. Corr was also named Most Valuable Player and received the award for Leading Free Throw Percentage. The Outstanding Defensive Player trophy went to senior Cedric Hazeur. The winner of the trophy for Leading Rebounder, a contest between Corr and Vincent, will be named after the District VIII AA Championships.

Senior football star Bill Kergosien was honored with a trophy for All-Round Student

STUDENT ATHLETE OF THE YEAR: Bill Kergosien, named Student Athlete at SSC, was among the Rock-a-chaws honored Friday at the Varsity Football and Basketball Banquet in St. Stanislaus. Athlete. Others nominated for the award were Tommy Lotz and Jay Rousseau, both senior members of the football team.

Loiacano goes to State as weight-lifting coach

J. E. Loiacano, a native of Bay St. Louis, has signed a contract to become strength coach for the entire athletic program at Mississippi State University. He will join the coaching staff Monday, Feb. 13, to begin his program.

Loiacano has been working with weights since his high school days at St. Stanislaus and is now recognized as one of the foremost authorities on strength systems in Mississippi. Currently he is writing a book on weightlifting and its effect on athletic programs. Among his

protoges is Joseph "Doc" Rhodes, who recently won the world AAU weightlifting championships.

After graduation from St. Stanislaus, Loiacano played football at Pearl River Junior College, and later at Mississippi State before going to the Canton Bulldogs of the Continental Football League.

When a knee injury cut short his plans in pro football, Loiacano took a position as head football coach at Bay Senior High in his hometown, serving from 1969 until 1973.

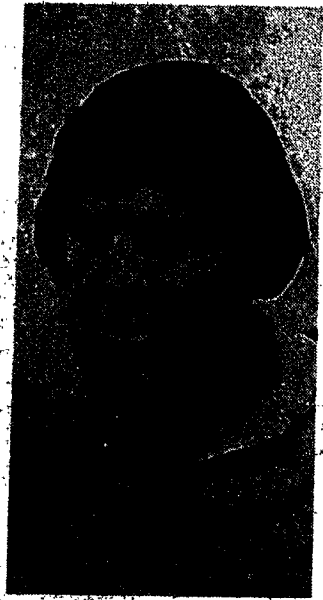

He then became coach at Gulfport East and, after three winning seasons, took over as head coach for the consolidated Gulfport schools. In his first season, the Gulfport Admirals won the state

championship.

"I cannot imagine a winning athletic season without a good strength program," commented Loiacano. "This is the sort of thing I plan to implement at State. I will be working with the athletes individually and I will also work closely with the coaches to provide the kind of strength development the teams need."

Loiacano had discussed a position with State's Athletic Director Bob Tyler for several weeks. Their plans awaited only the final approval of the Board of Trustees of Higher Learning.

Tuesday, Mississippi State officially announced that Loiacano had signed a contract and would be reporting to work the following Monday, along with an offensive coach from Virginia Tech.

MSU BOUND—Bay St. Louis native son J. E. Loiacano makes plans for his move to Mississippi State.

War Hawks win first in Men's City League

By SHARON WALLS
The War Hawks won their first game of the season by forfeit over the Mavericks of the Men's City Basketball League Sunday.

In other action in Valena C. Jones gym, the Mavericks, Bullets, People's Choice, and Warriors moved into a four-way split of first place with 3-2 records each. The only two teams in the league which are not in first place are the Rollers, at 2-3, and the War Hawks, at 1-4.

The People's Choice downed the Warriors, 96-76, to give each team its 3-2 standing. Luke Traylor led scoring for the winning team with 24 points followed by Wilfred Riles with 23. Russell Fairconette and Lexie Haynes sank 18 each. For the Warriors Willie Thomas netted 23 points.

In the final game of the day, the Bullets handed the Rollers

their third loss, 92-75. Jack Lewis, one of the League's leading scorers, sank 35 points for the Bullets. Al Walker contributed 24 and Robert Weaver got 18 more. For the Rollers Nathan Jones scored 26 points while Melvin Lawton got 21 and Myron Labat took 10.

Sunday's games marked the end of the first round in Men's League action. The teams will rest Sunday, Feb. 12, but will resume play the following Sunday.

Last home game no victory for Pearl River JC

Pearl River Junior College played its last home game of the basketball season Tuesday against Copiah-Lincoln, dropping the boys contest to Co-Lin, 65-63, and giving up the girls' set, 64-55.

In the tight boys' game, the lead wavered back and forth between the two teams throughout the first half. Pearl River came back strong after the break, to move ahead at the end of the third.

Co-Lin retaliated in the final set and tied up the game, 63-63, with 15 seconds in the game. An intercepted Wildcat pass set the Co-Lin boys down the court for the deciding basket.

Melvin Oatis led the Wildcats with 20 points, while Jeff Cross and Elton Brown contributed 10 each.

Toni Byrd, with 11, and Rita Howard, with 10, were the only Lady Wildcats scoring in double figures in the girls game. Co-Lin's girls led from the opening set.

Pearl River will go Thursday to East Mississippi.

Tigerettes caged by Biloxi

The Tigerettes of Bay St. Louis opened Tuesday's District VIII Class AA championship competition against Biloxi, losing the confrontation, 50-42.

The Lady Indians rolled over Bay High in the first quarter, 15-4. The Tigerettes out-scored Biloxi in the next two quarters, but were never able to make up the difference.

Bay High trimmed the margin to eight points by the end of the third. The teams were neck and neck for the final period, scoring eight points apiece.

"It was a pretty close ballgame," commented Tigerette Coach Willie Bradley. "Both teams got into foul trouble, and that was a factor. Then, too, the Biloxi team was over all taller than our girls."

Gulf Coast District Manager

The energy crunch is real and it affects us all. Our country has only six percent of the world's population, yet we use almost one-third of the energy used in the world. And our energy demands are growing three times faster than our population.

Saving energy is everyone's business. A daily energy cutback - no matter how small it appears - can help. And it can save you money. Some of the best potential energy savings are in home heating and cooling, and in automobile use.

In cold weather, set your home thermostat at 65 degrees during the day and 60 degrees at night. And have a qualified maintenance expert check your heating system at least once a year. Proper insulation can save up to 15 percent of your fuel costs. Weatherstrip doors and windows and close blinds and drapes at night to save energy. And don't forget to turn off lights, TV, radios, and stereos when they're not being used.

There are many ways to save gasoline. Form carpools, drive below the legal speed limit of 55 miles per hour, and avoid long periods of engine idling. Keep your tires properly inflated and have the engine tuned as recommended by the manufacturer.

South Central Bell is doing its part to save energy, too. We're retooling thermostats to 65 degrees in the winter and raising them to 78 degrees in the summer. We also have goals for saving fuel in motor vehicles and energy used for lighting.

We're making energy conservation our business, and we hope you'll make it your business, too.

Two of the best energy and money savers around are your telephone and directory. In the book, you'll find all the people, places, and things you need. And in the Yellow Pages you'll find timesaving shopping facts, such as a business's location, hours, brands, and services. And if you call before you go, you might save a trip. Let your fingers do the walking in the book. You'll save.

South Central Bell

Make good things happen fast.
Say by long distance.

Legal Notices

THE STATE OF MISSISSIPPI HANCOCK COUNTY CHANCERY SUMMONS NO. 12,771

TO: Wanda Jean White Wittorf
Address: Unknown after diligent search and inquiry.

You are hereby summoned to be and appear before the Chancery Court of Hancock County, Mississippi, on the Second Monday of June, 1978, to defend the suit No. 13,791 styled "JOHN HENRY WITTORF vs. WANDA JEAN WHITE WITTORF" wherein you are defendant.

Given under my hand and seal of office, this 8th day of February, 1978.
(SEAL) John D. Rutherford, Jr.
Chancery Clerk
Sheryl Cummings, D.C.
2-9, 2-16, 2-23, 2-27

PUBLIC NOTICE INVITATION TO BID STATE OF MISSISSIPPI HANCOCK COUNTY

TO ALL PERSONS INTERESTED IN THE FOLLOWING LANDS SITUATED IN HANCOCK COUNTY, MISSISSIPPI, TO WIT: All of Section 34, Township 5 South, Range 14 West, Hancock County, Mississippi, less and except 2.52 acres described as beginning at the northwest corner of said Section 34; thence south 5.02 chains; thence east 5.02 chains; thence north 5.02 chains; thence west 5.02 chains to the place of beginning; containing 640.0 acres.

Notice hereby is given that the Board of Supervisors of Hancock County, Mississippi, has authorized and invited the submission of bids to lease an undivided one-half (1/2) interest in and to the oil, gas and other minerals in, on and under the above-described lands for purposes of oil, gas and mineral exploration, mining, development and production. Formerly said lands constituted in lieu "school lands" which had been properly selected and set aside in lieu of a 16th section situated in Lauderdale County, Mississippi.

However, said lands heretofore were sold and conveyed into private ownership, subject, however, to the exception, and reservation of an undivided one-half (1/2) interest in and to all oil, gas and minerals therein, all of which and thereunder, which reserved undivided one-half (1/2) mineral interest still is owned and held in trust for the use and benefit of the educable school children in a township in Lauderdale County, Mississippi.

The Board of Supervisors of Hancock County, Mississippi, has prescribed the form of a proposed oil, gas and mineral lease covering said reserved undivided one-half (1/2) mineral interest, and has prescribed also the royalty to be retained by the lessor, the annual rental to be paid by the lessee, the primary term of the proposed lease, and all other provisions of the proposed lease. The only item subject to bid for the proposed lease is the amount of the bonus to be paid by the lessee. A true copy of the proposed lease form containing all the terms and provisions so prescribed by said Board of Supervisors is on file and available for inspection by any interested person in the office of the Chancery Clerk in and for Hancock County, Mississippi.

Any person interested in submitting a bid for the proposed lease hereby is notified and invited to file a sealed proposal therewith with the Clerk of the Board of Supervisors (who is the same person as the Chancery Clerk) of Hancock County, Mississippi, at his office in Meridian, Mississippi, on or before 10 a.m. o'clock a.m. on March 8, 1978. All such proposals so filed will be opened by said Board of Supervisors at said time or as soon thereafter as is conveniently possible at and during a regular monthly meeting of said Board of Supervisors, and thereupon, subject to the approval of the County Superintendent of Education of Hancock County, said Board of Supervisors will award the proposed lease to the highest bidder in the manner provided by law and the rules of said Board.

Said Board of Supervisors reserves the right to reject any and all bids.

This 26th day of January, 1978.

Board of Supervisors
Lauderdale County
Mississippi

By: Billy Melton
President

(SEAL)

Attest:
By: M.B. Cobb
Clerk of the Board of
Supervisors of Lauderdale
County, Mississippi

2-9, 2-16, 2-23, 2-27

The Board of Supervisors took up the matter of issuance of the Industrial Development Revenue Bonds Series 1978, of Hancock County, Mississippi, in the principal amount not to exceed One Million Dollars (\$1,000,000). After a discussion of the subject, Supervisor Trivaca offered and moved the adoption of the following resolution:

RESOLUTION DECLARING THE INTENTION OF HANCOCK COUNTY, MISSISSIPPI, TO ENTER UPON AN INDUSTRIAL DEVELOPMENT PROJECT AND TO ISSUE INDUSTRIAL DEVELOPMENT REVENUE BONDS TO FINANCE SAID PROJECT.

WHEREAS, the Board of Supervisors of Hancock County, Mississippi, has authorized and invited the submission of bids to lease an undivided one-half (1/2) interest in and to the oil, gas and other minerals in, on and under the above-described lands for purposes of oil, gas and mineral exploration, mining, development and production.

Supervisors of Hancock County, Mississippi (the "Governing Body"), acting for and on behalf of Hancock County, Mississippi (the "Issuer"), does hereby find, determine and adjudicate as follows:

1. The Issuer is a municipality as defined in Chapter 147, General Laws of Mississippi, Regular Session 1960, as amended, appearing as Title 57, Chapter 3 of the Mississippi Code of 1972 (the "Act"); and

2. On January 9, 1978, this Governing Body, as authorized by the Act, adopted a resolution making application to the Mississippi Agricultural and Industrial Board (the "A&I Board") for a Certificate of Public Convenience and Necessity (the "Certificate") authorizing the Issuer to acquire, own and lease a Project as hereinafter defined and to issue its industrial development revenue bonds to finance said Project; and

3. The A&I Board, acting by and through its duly authorized Executive Committee, did on January 26, 1978, order and direct the approval of the aforesaid application and did issue its Certificate No. 318R to the Governing Body of the Issuer, which Certificate authorized and empowered this Governing Body, acting for and on behalf of the Issuer, subject to the conditions therein set out, to adopt and publish a resolution declaring its intention to issue industrial development revenue bonds of the Issuer as authorized by the Act in the principal amount not to exceed One Million Dollars (\$1,000,000) to provide funds to acquire said Project and thereafter to lease said Project to Lloyd Kimbrough Moore, Jr. or his designee (the "Lessee") for the purposes hereinafter set out;

4. In order to promote industrial development and to provide additional gainful employment for its citizens, the Issuer should declare its intention to issue industrial development revenue bonds of the Issuer in the principal amount not to exceed One Million Dollars (\$1,000,000) (the "Bonds") to provide funds for the purpose of defraying the cost of acquiring and industrial enterprise consisting of land, buildings, improvements, machinery and equipment (all of which together constitute the "Project") for the distribution of products of agriculture, mining and industry, or other permissible products, under the Act, and thereafter to lease the Project to the Lessee; provided that the Bonds shall be payable both as to principal and interest solely from the revenue to be derived from the leasing of the Project, and neither the Bonds nor the interest thereon shall ever constitute an indebtedness of the Issuer, nor ever constitute or give rise to pecuniary liability of the Issuer or a charge against its credit or taxing power.

SECTION 2. That the issuance of the Bonds in the amount and for the purpose aforesaid shall be authorized at a meeting of the Governing Body to be held at their usual meeting place in Bay St. Louis, Mississippi, at the hour of 10:00 o'clock A.M. on March 6, 1978, or at some meeting held subsequent thereto, unless on or before the aforesaid date and hour twenty percent (20 percent) of the qualified electors of the Issuer shall file a written protest against the issuance of the Bonds, in which event the Bonds shall not be issued unless authorized at an election on the question of the issuance thereof to be called and held as provided by law. If no such protests be filed, then the Bonds may be issued without an election on the question of the issuance thereof at any time within a period of two (2) years after the date hereinafter specified.

SECTION 3. That this resolution shall be published once a week for at least four consecutive weeks in the Sea Coast Echo, a newspaper published in Hancock County, Mississippi, and qualified under the provisions of Section 13-331 of the Mississippi Code of 1972. The first publication of this resolution shall be made not less than twenty-one (21) days prior to the date fixed in this resolution for the issuance of said Bonds and the last publication shall be made not more than seven (7) days prior to the date aforesaid.

SECTION 4. That the Clerk of this Governing Body is hereby directed to procure from the publishers of the aforesaid newspaper the customary proof of the publication of this resolution and to have the same before this Governing Body at their meeting to be held on the date and at the hour set forth in Section 2 of this resolution.

Following the reading of the foregoing resolution, Supervisor Pernicaro seconded the motion for its adoption. The President put the question to a roll call vote, and the result was as follows:

Supervisor Courge voted: Yes.
Supervisor Keller voted: Yes.
Supervisor Peterson voted: Yes.
Supervisor Pernicaro voted: Yes.
Supervisor Trivaca voted: Yes.
The motion having received the affirmative vote of all Supervisors present, the President declared the motion carried and the resolution adopted, this 8th day of February, 1978.

Attest:
Board of Supervisors
Hancock County, Mississippi

Tigers, Rocks edged out in first round Class AA action

Despite a 36 point scoring performance by Mike Thompson, Bay High was edged out of the race by d'Iberville, 75-84, in the District VIII, Class AA basketball championships Monday in Gulfport.

In further first round action, St. Stanislaus slipped behind St. Martin, 47-40.

Tiger defenders swarmed around the Warrior's high scoring center Danny Dunlap, allowing him only one field goal in the first period. Under the strong shooting of Thompson, the Tigers dominated the basket, moving ahead, 16-12.

D'Iberville determinedly shook off the closely guarding Tigers in the second quarter, taking advantage of Bay High fouls for eight points. Reggie Collier, making up for Dunlap, netted 13 points to put the Warriors ahead, 40-30, at intermission.

The Tigers came back strong with Thompson sinking

13 points, in the third, but d'Iberville, turned to Collier and Lonnie Fritz for 19 of their 23 third set points, increasing their lead to 63-49.

Thompson's 36 points was the game high score. Collier set the speed for the Warriors with 31, backed up by 23 from Fritz. Dunlap was held to 13 points.

Defense was the key in a tight game between St. Stanislaus and St. Martin. The two teams stayed within one point of each other throughout a low scoring first half. St. Martin had the lead, 23-22, at the end of the second quarter.

Both teams seemed unable to connect for much of the third period. The Rock-a-chaws sank six points to St. Martin's four to come out on top, 28-27. St. Martin found the breaks in the final set netting 20 points for the win.

St. Martin scored 18 field goals to the Rocks' 12, but the Rock-a-chaws took advantage of 20 St. Martin fouls for 16

points. St. Martin went to the line for only 11 points out of 26 St. Stanislaus fouls.

Kerry Corr collected six goals and two free shots to lead the Rocks with 14 points. Charlie Vincent contributed 10. Keith Medley of St. Martin was the game high scorer with 20 points.

Sheppard's one gets Tigerette win

Janet Sheppard, of the Tigerettes, scored her only basket of the game in the last four seconds in overtime to break a tie and give Bay High the win over Slidell, 44-42, on Slidell's home court Friday night.

Slidell was ahead, 7-6, as the second set opened. The two teams netted eight points each to end the half with one point difference.

Slidell burst ahead with 16 points to the Tigerettes' 10 in the third, but Bay High came back scoring 16 in the final period to Slidell's nine to put the confrontation into overtime.

Bay High matched basket for basket, until Sheppard's score put the game away.

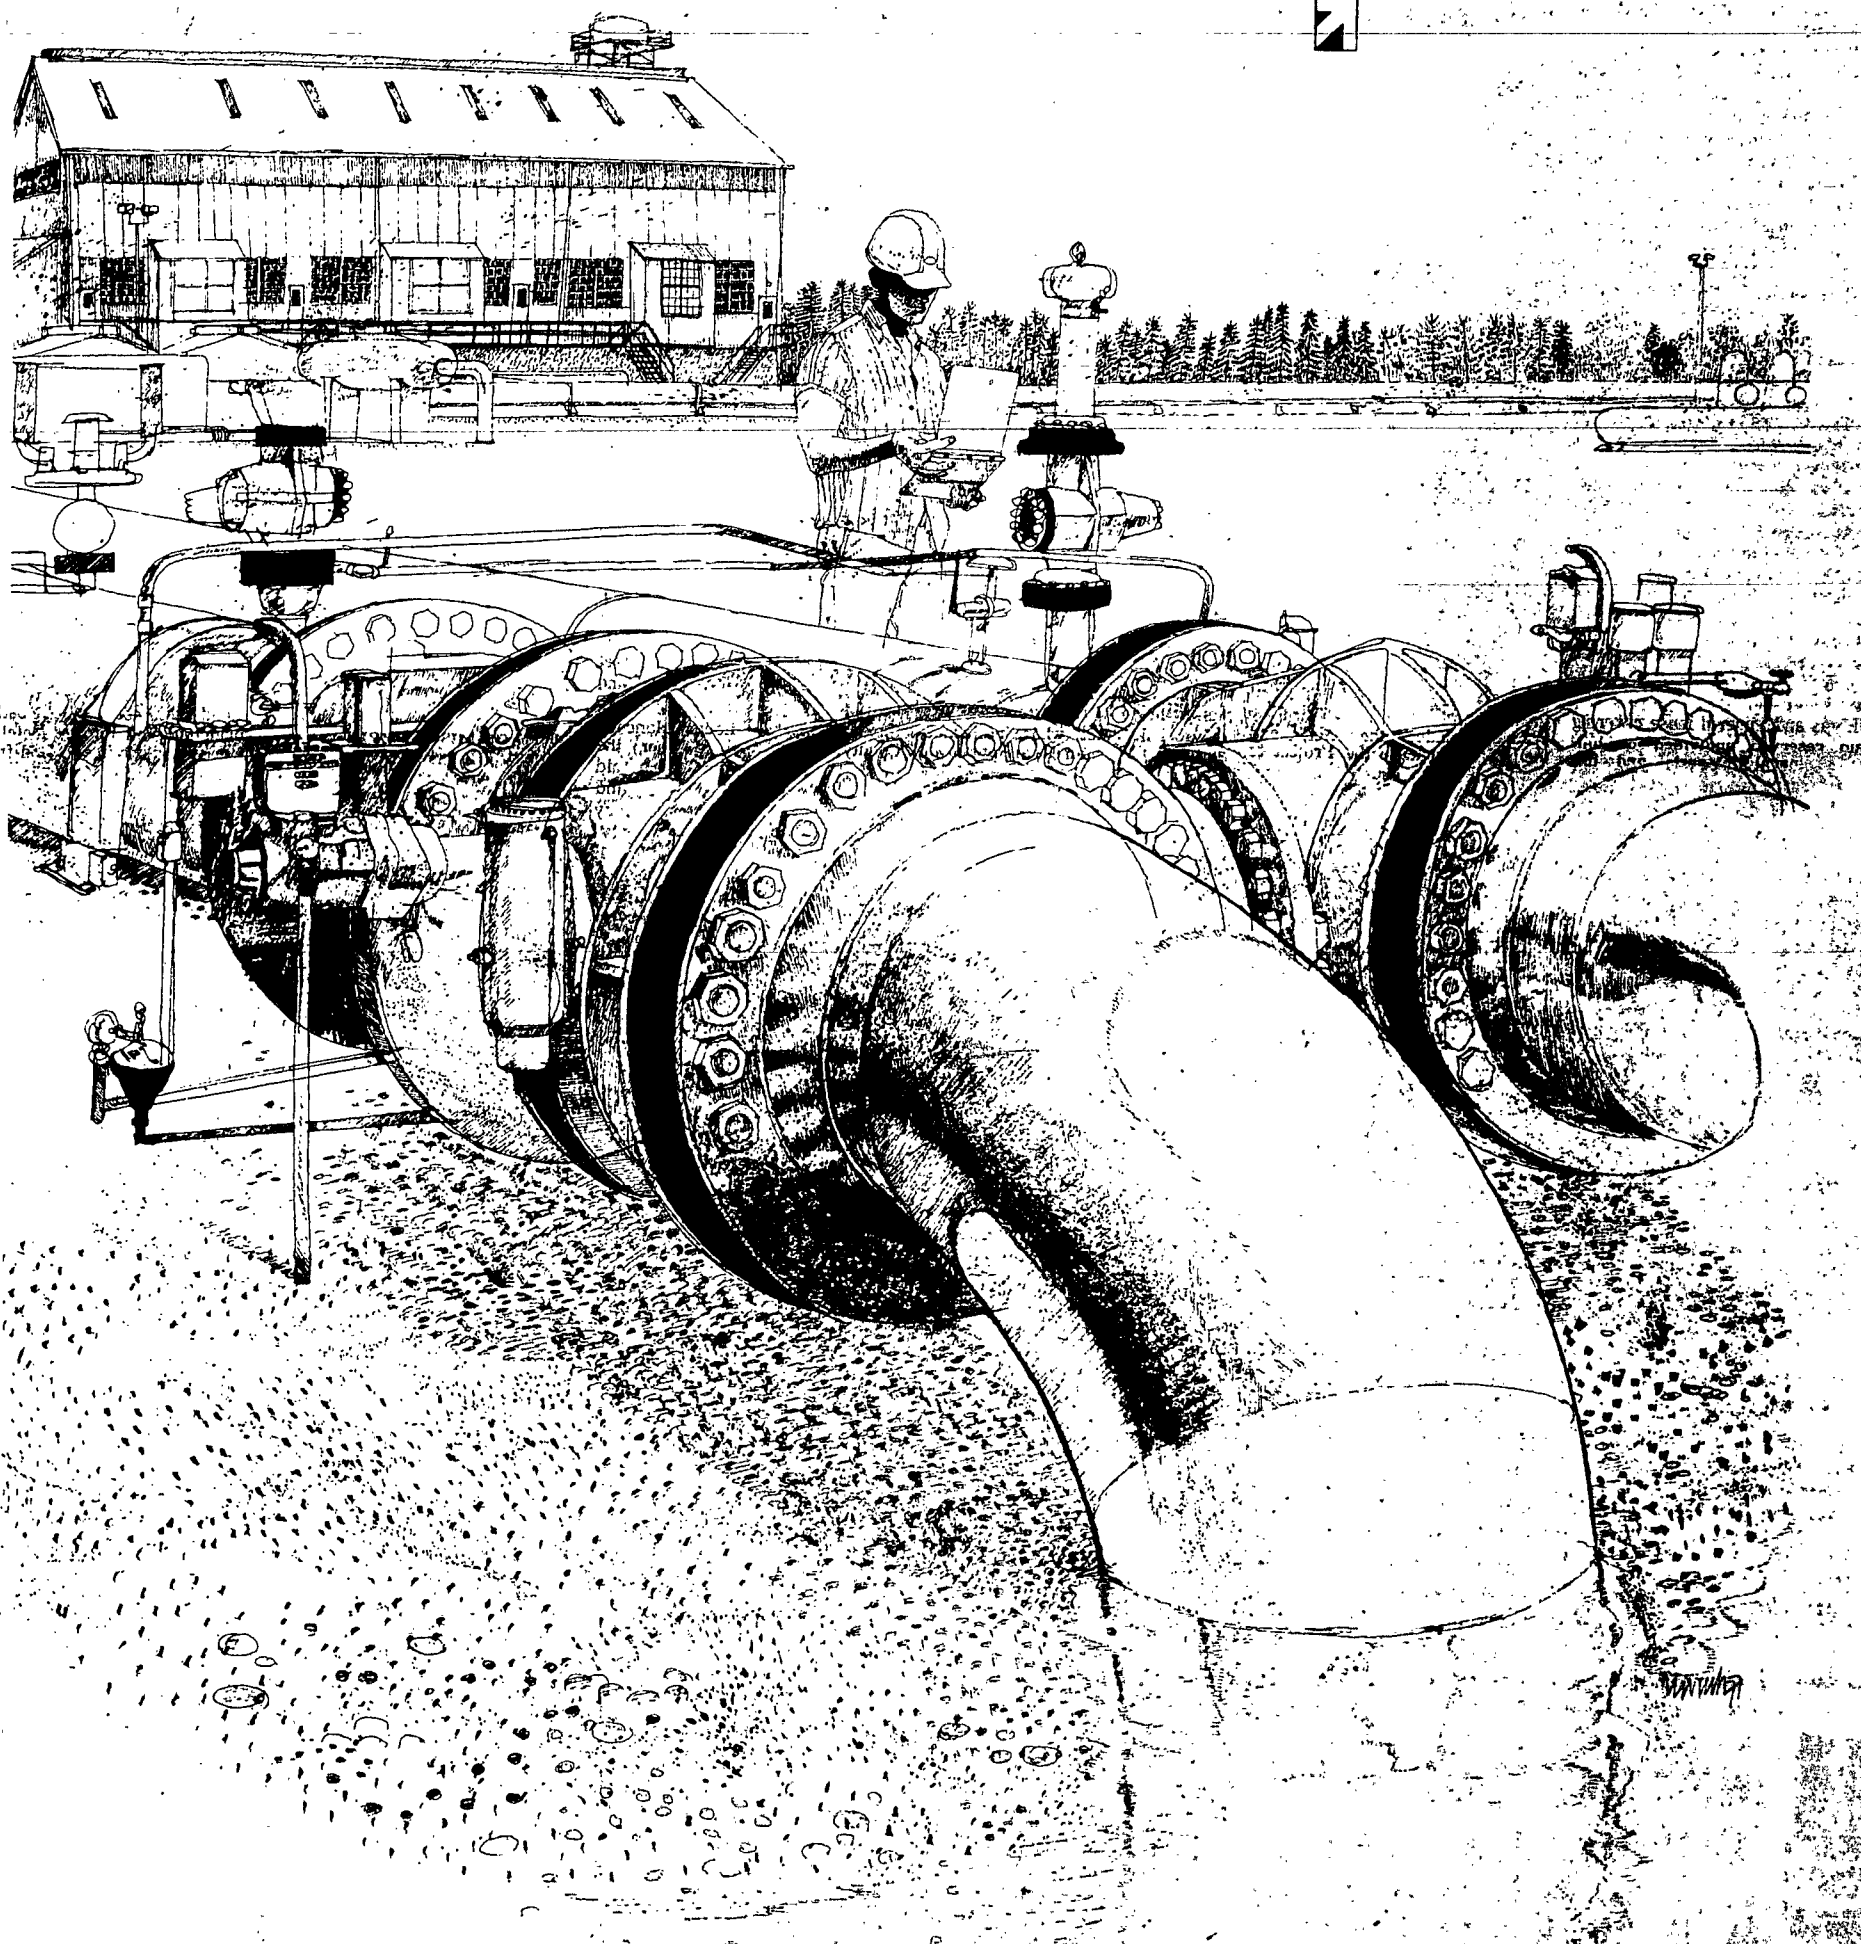

Dianne Saucier, with 13 points, and Charlene Haynes, with 12, sparked scoring for the victorious Tigerettes.

A LOT OF NATURAL GAS WENT UNDERGROUND LAST SUMMER

In the scenic beauty of North Louisiana, United Gas has borrowed nature's wisdom to help alleviate the impact of the natural gas shortage. During the warm season the company takes a portion of the production from many fields on its Gulf South system and stores billions of cubic feet of gas underground, holding it for winter delivery when requirements of human needs customers are greater.

Anticipating the usual heavy winter demand for gas, United Gas expanded the capacity of its Bistineau Storage Field and by late summer had stored more than 99 billion cubic feet of natural gas to provide added flexibility in meeting the winter heating season needs of its customers.

Another way we're working for a better energy future... **UNITED GAS PIPE LINE COMPANY**

Hancock beats Lumberton in last home game

Forward Alan Dedeaux sank 22 points to lift the Hancock North Central Hawks from a first-half slump to defeat Lumberton, 61-44, Saturday in HNC's last home game of the basketball season.

The Hawkettes racked up 21 points to the Lumberton girls' seven in the second quarter to pace the Hancock girls to a 49-30 win prior to the boys' game.

From an 11-all first quarter, the Hawks dropped behind 29-28 at the break. Hancock's boys found their wings in the third period and took off for 16 points. Guards Barry Arment and Dean Shaw, utilizing a full-court press, led the defense in blocking out Lumberton for only four points.

Dedeaux was high scorer with nine baskets and four points from the foul line. Dedeaux also stole the ball nine times for the Hawks. Shaw and Mark Ladner contributed 10 each. Arment is credited with six steals and five assists.

Shaynon Ladner with 16 points, Sheila Ladner with 13, and Charlotte Ladner with 12, lead the Hawkettes' scoring. Sherie Ladner took three steals in the game.

The Hawkettes blasted a 16 point lead by the end of the second quarter, then out-scored Lumberton in the last set to widen the breach to 19.

Development of federal and state wildlife refuges in middle and upper parts of the Mississippi flyway are also affecting the southern flight of waterfowl, according to Stone.

Mississippi's waterfowl advisory council, along with those from other affected southern states, is compiling data on the arrival of migratory waterfowl in the south and on their departure for the return northern flights.

50-game slate for MSU opens against LSU

Mississippi State's 1978 baseball season, which opens with a double-header March 4 against LSU in Baton Rouge, encompasses 50 games including 27 home games and 13 double headers.

Last year, the Bulldogs racked up a 33-15 record and also finished third in the first annual Southeastern Conference tournament. In the past, MSU has taken six SEC titles.

Season tickets are now on sale at the MSU Athletic Ticket Office in Humphrey Coliseum or by mail at: MSU Baseball Tickets, Drawer 5327, Mississippi State, MS. 39762.
